

## START WORK ON HOME FOR FREER ART GROUP

Will Require Two Years to Complete Million-Dollar Structure.

Work on the fence which is to hide the new home of the Freer Art Collection, at the corner of Twelfth and B streets southwest, from the curious eyes of the public, was begun yesterday. It is estimated that it will take about two years to complete the building for which Charles L. Freer gave a million dollars. The building is to house the valuable collection which Mr. Freer is presenting to the people of the United States and is to be built of pink granite to harmonize with the red stone of the old National Museum building and the white stone of the east wing of the Department of Agriculture building, between which it is to be built. The collection was made personally by Mr. Freer, who is an art connoisseur, and includes a particularly fine collection of the works of Whistler. At present the collection, which is being augmented, contains more than five thousand works of art.

## ROOT FOR UNIVERSAL MILITARY TRAINING

Elihu Root has come out publicly as favoring universal military service. Through the Association for National Service, he has given an interview in which he urges that the men of the country be made to feel their duty as citizens to be prepared to defend the country. "The old way of waiting for war to be declared and then calling out volunteers is obsolete," he declares. "The National Guard system is not adequate and cannot be made adequate to meet the needs of national defense under any real assault under their rights. Universal training and readiness for service not only are demanded by plain common sense, but they are essentially democratic."

## FRENCH EMBARGO LIST GROWS.

Fifty Articles Added, State Department Announces.

The State Department yesterday notified American shippers that the French government has added some fifty articles to the French embargo list. The new list will interfere to some extent with American shipments to Switzerland because of the French embargo provision which prohibits the transit through French territory of articles on the embargo list. The additional list includes metallic ores, asphalt, chemicals, animal oils and electric material.

## KNIGHTS OF COLUMBUS START VOYAGE TONIGHT

Will Leave on Trip Down Potomac to Old Point Comfort.

"All's quiet along the Potomac" will not apply tonight, for 300 Knights of Columbus will go voyaging to Old Point Comfort, Virginia Beach and Norfolk. They will leave on the Norfolk and Washington boat from the Seventh street wharf at 7 o'clock. All arrangements have been made for a gala time. There will be a cabaret show, followed by dancing until midnight. Tomorrow morning the Knights will breakfast at the Hotel Chamberlain at Old Point Comfort, followed by a special mass in the chapel. Surf bathing at Virginia Beach and a sight-seeing trip in Norfolk are among the amusements arranged. The party will return to Washington on Monday at 7 o'clock.

**Bulgarian Chamber to Meet.** Berne, Sept. 23.—The Bulgarian Sobranje will assemble October 15, the Bulgarian minister to Switzerland announced today. "The Sobranje will vote an expression of confidence in the government and also will vote on expenditure for carrying on the war," the minister said.

## ISAAC GANS BECOMES MEMBER OF SAKS FIRM

General Manager of Local House Appointed Treasurer.

ISAAC GANS. Former manager of Saks & Co., who has been made a member of the firm.

Isaac Gans, one of the most widely known business men of Washington, has become a member and treasurer of the firm of Saks & Company, Inc., of which he has been general manager for years and which was incorporated in Wilmington, Del., yesterday, under the laws of that State.

The Saks company, dealers in men's and boys' clothing and furnishings, is one of the oldest and largest in that line of business in Washington. For many years it has occupied quarters at the northwest corner of Seventh street and Market Space.

Officers of the new corporation named in the articles filed at Wilmington are: President, Isadore Saks; vice president, Joseph I. Saks; treasurer, Isaac Gans; secretary, George S. Daniel.

Mr. Gans' rise in the business world has been achieved as the result of indefatigable industry and diligence, and his activity in the world of commerce has been matched by his constant interest in civic affairs. His promotion to membership in the firm is recognized as a reward of merit.

There will be no change in the progressive policy of the business as a result of the incorporation, it was announced.

An Englishman has invented a cover for hatchways on vessels that operate on the principle of a roll-top desk.

**Tell your mother Resinol will heal your skin**

"If she will wash those sore, itchy places twice a day with Resinol soap and hot water, and then put on a little Resinol Ointment, I am sure the trouble will soon disappear."

That is good advice. Patches of eruption may not be anything serious at first, but they cause so much discomfort and so often develop into eczema, or other severe ailment, that it pays to use the Resinol treatment right away.

Resinol Ointment and Resinol Soap have been prescribed by physicians for many years, and contain nothing which could possibly injure the tenderest skin. Sold by all druggists. For free sample of each, write to Dept. 4-R, Resinol, Baltimore, Md.

## HOBOS INVADE MEMPHIS.

Frosty Air Starts Annual Migration South.

Memphis, Tenn., Sept. 23.—The first frost of fall has started hobo migration south. Florida and the coastal regions of Alabama, Georgia, Mississippi and Louisiana are the destinations of the tourists who ride trains but do not buy tickets. Travel is not confined to freight trains alone. Many tramps have been found in the tops and "blinds" of fast passenger trains. Tramps failing to find a favorable opportunity to "make a train" have appealed to police headquarters for lodging here.

## D. C. CIVILIANS WILL ENTER RIFLE SHOOT

Commissioners Decide to Send Additional Teams to Jacksonville.

Two civilian teams of marksmen, in addition to the team of Guardsmen, will be sent from Washington to the national rifle match at Jacksonville, beginning October 11.

These teams are to be composed of members of the club, including high school students, including last year's graduates, and another composed of members of local organizations, including life and annual members of the National Rifle Association.

Both these teams will be selected by a competitive shoot, open to individuals affiliated with all clubs. The national match course will be fired twice at the try-out Sept. 30 on the range at Winthrop, Md. The range will be open every day except Sunday for practice. The only expense attached will be for meals at government prices. Accommodations will be offered at the camp.

This arrangement is made possible by the decision of the War Department's decision to admit to the national competition one or more teams from each state and territory and the District, in addition to the militia marksmen. Congress recently made an appropriation to meet the cost of transporting the teams.

## KEEP YOUR BUTTER COLD IF YOU HATE BACTERIA

Bacteria in butter do not grow and thrive in butter in cold storage, according to a report of Dr. Don C. Dyer, of the Department of Agriculture, who has been investigating the subject.

The "strength" of butter does not come from this source, but from the acid generated in sour milk from which butter is made. In order to give the high flavor which people demand in butter, milk must be left standing until it sours before churning. This high flavor becomes "off flavor" after being stored for any length of time.

## The Town Crier

The West Virginia Society of Washington will hold a business meeting at the Ebbitt House on Friday, October 6.

The Bloomingdale Orchestra, under the direction of E. J. Wrightman, will resume rehearsals for the season this evening, at Bethany Baptist Church, Rhode Island avenue, near Second street northwest.

The Washington District Woman's Foreign Missionary Society of the Methodist Episcopal Church is to hold its annual meeting in Union M. E. Church Monday, October 2. Reports of officers and superintendents are to be presented and Bishop W. F. McDowell is to deliver the principal address.

Members of the Drill Corps of Kalipolis Grotto will hold a "hop" on October 19, at the New Willard Hotel. The Drill Corps will make special trips to Philadelphia and Alexandria as it has done to Baltimore, to personally invite members of the Masonic order to attend.

The Biblical and Literary Society of Adath Israel congregation, under direction of Dr. Benjamin A. Grossman, will hold its next meeting in the vestry rooms, November 6, at 8 o'clock.

The first fall meeting of the North Capitol and Eckington Citizens' Association will be held in the J. Matthew G. Emery School, Lincoln road and Randolph place, Tuesday evening at 7:30 o'clock.

A housewarming at the new headquarters of the Hughes Club at Fifteenth and F streets will be held tonight. Local business men will be invited. According to the report of the committee on arrangements.

The Ashlar Club of Master Masons will meet tonight in its club rooms, Old Masonic Temple, F and Ninth streets northwest. The entertainment will include music by Clifford Stumph, soloist of Epiphany Church. There will be several lectures.

Garfield citizens under the sponsorship of their Citizens' Association and Home-School Association will stage a country fair with exhibits of home-cooking and needlework and work done by the children in the playgrounds during the past summer at the Garfield School, in Alabama avenue southeast, October 26 and 27.

The College Equal Suffrage League will meet at the Munsey Building on Monday night at 8 o'clock. Reports on the annual convention will be given.

The Legion of Loyal Women will hold the first fall meeting and rally at the Raleigh Hotel on Monday evening at 8 o'clock. Mrs. Ada Weiff, president, will be in charge.

## KELVINIA CASE CLOSED.

Lansing Officially Informed Mine Sank Ship.

The case of the British steamer Kelvinia was closed yesterday afternoon when Secretary of State Lansing was officially informed that the vessel, which had twenty-eight Americans on board, was sunk by a mine and not a torpedo, as previously reported.

The information came from the British Admiralty, being forwarded in a cable from the American Embassy.

Capital ..... \$1,000,000  
Earned Surplus ..... \$1,000,000

One in every ten individuals in the District, approximately, is a depositor of this bank. We have more than 33,000 open accounts.

Such evidence of public confidence is proof positive of stability and the right sort of service.

Same Rate of Interest Paid on both Large and Small accounts.

FIFTIETH YEAR.

## THIRD D. C. INFANTRY ROUTS CAVALRY TROOP

Camp Ordway Invaded During Mimic Attack.

Cavalry Troop A, D. C. National Guard, received an order about 10 o'clock yesterday morning to hurry to the south of their camp to repulse an expected attack. The Third Infantry were the attackers and they completely routed the defenders.

The Cavalry men are to give a dance tonight at Fort Myer to which all former members are invited.

Capt. E. W. Fullam is the latest victim of an accident. His mount shied into a ditch, inflicting injuries on Capt. Fullam, who went to the hospital at Fort Myer for treatment.

Orders to move have not come to the Guardsmen at Camp Ordway, but officers and men are reassured by the news of the movement of National Guard troops from Wyoming, Kansas, and Wisconsin to the border. Preparations are being made at the District mobilization camp for a quick departure when the orders finally arrive.

Applications for relief for dependent relatives are coming in slowly. It was stated at Brigade headquarters last night that there will probably not be more than twenty or twenty-five applications from the entire camp membership.

Officers of the Second United States Cavalry and of the District militia gave a dance last night which was attended by many Washingtonians, including several members of local society circles.

Members of the militia and the Third Infantry Band will attend the Prea Club-Board of Trade ball game on Wednesday as the guests of the organizations.

## CALVARY BAPTIST CLASS AIDS MISSIONARY WORK

Financial support of the missionary work of the Calvary Baptist Church and the purchase of a scholarship for a young woman about to enter college are a part of the contribution of a young ladies' class of the church.

The class was entertained at its monthly dinner last night by Miss Florence M. Brown, general secretary of the Young Women's Christian Association, who is teacher of the class, in the cafeteria of the association.

Open 8:45 A. M.

Close 6:00 P. M.
